WHAT I LIKE BEST ABOUT BOWLING:

Bowling is a sport that constantly challenges you mentally and physically. Mentally, you have to take into account the lane condition, breakpoint, lane breakdown, and having a positive mentality. Physically, you have to take into account your mechanics, ball speed, ball rotation, and body positioning.

WHY BOWLER IS BOWLER OF THE WEEK (SEASON TO DATE, PAST ACCOMPLISHMENTS, HONORS, ETC)

During week 1 of high school bowling Anthony came out on fire. His first match he shot a 300 game and followed it up with a 279 game. Anthony had 20 strikes in a row to start his senior year. The 579 series is a new Stark County High School Bowling Conference record. Anthony followed up his first match of the season with a 248 and 245 game in his second match of the year.

Anthony is a four year starter for Hoover. Anthony's first year was his worst season average wise. It may have been his worst season but it will still be better than 90% of the conference. His freshman year he averaged 210, making second team all conference. His sophomore year he averaged 220 and made it to first team all conference. His Junior year he averaged 228 and was part of first team all conference. Anthony had the conference high game at 298 and high series with a 537. In his junior season Anthony was also the bowler of the year.

He is currently averaging 268 after two matches to start his senior year.

COACH'S COMMENT ON BOWLER

Anthony is a great person coming from a great family. Not many people are mentally strong enough to go through 4 coaches in four years and still be able to be one of the best in the conference year in and year out. I had the pleasure of seeing this young man grow over the past four years. He went from a quite, shy young man to a strong leader for us this year.

*I see Anthony in the bowling alley spending countless hours working on his game. One of my favorite quotes I lived by through my athletic days, "an amateur works to get it right, where as a professional works until he cannot get it wrong."
If you watch Anthony bowl his technique is always the same on every shot.
The sky is the limit for him if he chooses.*

I see big things for Anthony in the future and I am proud to have him on our team this year and I hope that the younger members learn everything they can from him.

WHY BOWLER IS BOWLER OF THE WEEK (SEASON TO DATE, PAST ACCOMPLISHMENTS, HONORS, ETC)

Robyn King is Lake's Bowler of the Week for her strong performances in Lake's matches during the past week. Robyn's first series was a 439. During Lake's 2nd match, Robyn struck out in 2 different Baker games and went XX9 in a 3rd, to help secure a closely contested match which Lake won by 62 pins. Robyn has been 1st Team Federal League and also 1st team All SCHSBC in each of her first 3 years of bowling for Lake, and is off to a solid start to her Senior season with a 206 average after the first week of action.

COACH'S COMMENT ON BOWLER

Robyn takes her bowling game seriously, coming to practice each day with the intention of working on a particular aspect of her game. She is always looking for a better way to approach her game so she can improve. Robyn has been the foundation of Lake's girls teams since she was a Freshman, and has always been proud to be a Lake Blue Streak. Often times in practice, when coaches are with other bowlers, Robyn will be trying to assist the younger bowlers with some aspect of their game. Not only does she want to take her own game up a notch, she wants to see the entire Lake Girls team be successful.

Robyn has led by example, and by getting other girls involved in off season action, she has shown her leadership. This is a significant reason for the progress that Lake's Girls bowling program has made in recent seasons. It has been a pleasure to watch Robyn grow up through the youth leagues at Park Centre Lanes and to have had the honor to be her Coach.

Thank you Robyn!
